

# Get the most out of your employees

## Perform Now guarantees a smooth HR process

Increased productivity, greater employee involvement, and satisfied customers: achieve these organizational goals faster and more effectively with an HR application that perfectly supports your business processes.

HR documentation is extremely time consuming. Entering and copying data, sending it to colleagues, verifying its accuracy, making follow-up phone calls... the list goes on. Perform Now can make this process faster and more efficient thanks to:

1. Convenient work and leave registration
2. Automated payroll administration
3. Simple work schedules

Always clear and up to date, your employees can use the self-service function to access their file and enter or edit information.

*“True growth is based on individual qualities”*

*“Our success starts with all of our people”*

### Room for talent

Perform Now gives the HR department room to focus on what really matters: your employees. With a clear understanding of the available talents and qualities, the HR department can deploy resources more efficiently, appoint teams more effectively and stimulate the development of your employees.

Perform Now helps to create a dedicated workforce that is committed to achieving your organizational goals and individual employees who perform better and continue to develop their talents.

### Achieve your goals

Perform Now allows you to tailor your HR activities to your organizational goals. This gives your employees the insights they need to achieve their ambitions. From organizational objectives to individual growth: Perform Now makes it happen.
