

StockNOW – For efficient stock management and maximum returns

Instant access to current stock levels in order to tailor the purchasing to the sales? Discover StockNOW: a stock management application developed by Qualogy Caribbean. Keep reading to learn more about the key features and the advantages. Do you have specific needs or requirements? Customisation is always possible.

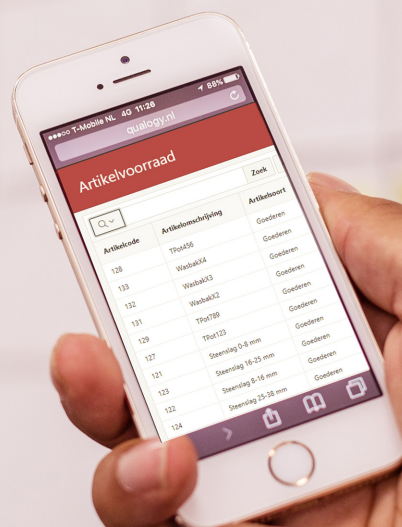

Balanced stock management: StockNOW is the perfect solution for small and medium-sized retail companies. From hardware stores and clothing stores to warehouses and showrooms.

MAXIMISE PROFITS

The application automatically updates your stock information, giving you an instant overview of your product levels at a glance. Finalize orders more efficiently and improve your customer satisfaction. Discover which products are sold frequently, on demand, or at peak times in order to maximise your profits.

Special features for stock management employees:

- Enter and view all incoming products and stock levels
- View and track product levels
- Process product deliveries and returns

Special features for shop workers and cashiers:

- View and track product information and stock levels
- Access product information overviews
- Check and process receipts
- Create and print sales invoices and credit invoices
- View and print outstanding invoices
- View all deliveries and returns, stock levels, warehouse levels, delivery and sales overviews

Special management features:

- View (outstanding) invoices and receipts
- View product levels, product information and inventory levels
- Check sales and credit invoices
- View turnover trends and warehouse value
